

EHFCN WEBINAR

Issues and challenges associated with Data Sharing: show-case and future development

Short description

This Webinar will present a number of challenges associated with the sharing of data, including obstacles to releasing data, privacy and confidentiality problems, and informed-consent issues.

Defined goals

- Presentation on a Show-Case: learning from current case examples
- Discussion of difficult legal and compliance matters like Data Sharing

Activity

- Introduction: Cigna (global healthcare provider) and the International Special Investigations Unit (approx. 5 - 10 minutes)
- Show-Case: example from 2021, identifying red flags, investigative methods, and recovery (approx. 25 - 30 minutes)
- Difficulties of Data Sharing: discussion of importance of Data Protection, different laws in different countries, exemptions to the law/s, and resources (approx. 15 minutes)
- Interaction with participants (approx. 10 minutes)

After the webinar, the presentation (PPT & video) will be available on the [Webinar Platform](#)
