

# EHFCN WEBINAR

## Conflicts of interest in medicine: the German perspective

### Short description

What is a conflict of interest (COI)? Funding of medical research in Germany, role of pharmaceutical companies, political influence, laws, publications, peer-review, guidelines, international comparisons.

### Defined goals

To make the audience aware of potential COIs and enhance vigilance.

### Contact details for more information

This webinar is an initiative of EHFCN, with the collaboration of Transparency International and Charité University Medicine Berlin, Dep. Experimental Anaesthesiology

- [Transparency International](#) is the global civil society organization leading the fight against corruption for more than 25 years.
- [Charité University Medicine Berlin](#) is one of the largest university hospitals in Europe. All of our clinical care, research and teaching is delivered by physicians and researchers of the highest international standard.
