

EHFCN WEBINAR

FBI overview of the Healthcare System and Healthcare Fraud Schemes in the United States

Short description

The FBI will present an overview of the United States healthcare system, the main healthcare fraud schemes against public and private healthcare programs, and FBI initiatives to detect and mitigate healthcare fraud.

Defined goals

The audience will gain a general understanding of the healthcare system in the US, the general healthcare fraud schemes being deployed by threat actors, and the role of the FBI in detecting and fighting fraud, waste and abuse.
